Welcome to CCP E-News

The Continuing Competency Committee is pleased to announce the launching of its first issue of the monthly E-News for the Continuing Competency Program. The purpose of the e-news is to keep members informed about the Continuing Competency Program – its development, activities, FAQ, and progress.

Self Assessment and Professional Development Plan:

You would have received a “special package” from the College in July 2009 that provided all the essential information about the Self Assessment and Professional Development Plan.

This information needs to go in Section II of your Continuing Competency Portfolio.

Your Self Assessment including Peer/Colleague Feedback needs to be completed by May 2010 when you re-new your College registration.

The Self Assessment and Professional Development Plan are intended to be informative and useful to guide you with your future learning and professional development.

Start early to complete your Self Assessment.

Visit the website to download the writeable version of the Self Assessment Tool. The link is

http://www.cotns.ca/self_assessment_tool.html

The countdown is on... Will you be ready by May, 2010?

... Say yes to Christmas and also yes to your Self Assessment!

The Continuing Competency Committee would like to take this opportunity to extend to you and your family, best wishes for a wonderful Holiday Season and a happy, prosperous, peaceful and healthy 2010.
